Doubles Mix-Up WTSU Band Camp

Two boys, both called David Couch, both trombone players, caused double confusion this week for the staff at the 17th annual West Texas Music Camp

Absentee Balloting Is Sparse

The Randall County Clerk's office had voted only 12 persons by absentee Wednesday for the Aug. 5 special election on constitutional amendments.

Six voters had cast their ballots in the Randall County Clerk's office in Canyon, five in person and one by mail and six had voted at the annex in Amarillo.

The last day to cast a ballot absentee is Aug. 1, according to County Clerk LeRoy Hutton. Registered voters in Randall County and those who are registered voters in Texas and have transferred their registration to Randall County can vote absentee.

The registrations must be transferred by July 31 in the tax assessor-collector's office, Hutton said.

Hutton said that in a constitutional amendment election two years ago, only eight per cent of the registered voters cast ballots.

This year Randall County has about 20,000 registered voters and if the percentage of two years ago holds true, only 1,600 will vote in this special election this year.

Hutton said they expected about 8 per cent to cast ballots but that the clerk's office was prepared to vote 20 per cent and could go as high as 40 per cent if necessary.

at West Texas State University.

Both boys had attended camp before. Although they had received each other's mail, they had not met until recently.

The first David Couch, formerly of Lamesa, is a Brazosport High School senior from Freeport. Attending music camp for the seventh consecutive year, he plays trombone and baritone.

As a camp member, he participates in honors band, stage band, reading band and choir.

When asked his opinion of the camp, he said, "I've seen a lot of changes in seven years; the camp has really grown. Musically, I'd say it's one of the best in the nation."

In his spare time, he plays golf and adds guitar playing to his list of talents. After graduation, he plans to go to Texas Tech and major in law.

"There's no money in music," he said.

He is the son of Mr. and Mrs. Robert E. Couch, presently of 3807 Virginia, Amarillo.

David Couch number two is attending camp for the second year. He is a Permian High School sophomore from Odessa.

During camp, he plays in the symphonic band and the second reading band. His future plans are uncertain, but he does plan to attend college. "I might major in music," he said.

The son of Mr. and Mrs. Harry L. Couch, 1502 Cumberland, Odessa, he plays trombone, guitar and banjo.

In order to avoid confusion, camp staff members have used the hometown names of the boys to keep them separated—David Freeport Couch and David Odessa Couch.

Charles Allen Job At Bank

Charles "Chuck" Allen has resigned from First National Bank where he has been a bank officer since 1963.

He joined First National as vice president in July of 1963. He was promoted to executive vice president Nov. 1, 1967 and held that post at the time of his resignation.

He will remain with the bank until Aug. 15.

Allen said he has no definite plans for the future. He is interested in several development projects in the area including the Canyon Airport.

Allen has said he will remain in Canyon.

Signal Approval Is Sought

Plans for a red light control system at 10th Ave. and 23rd Street and one at Spur 48 have been sent to Austin for approval by the State Highway Department.

Mayor Paul Lindsey said he met with Chili Smith, district engineer, and his traffic engineer, Jim Moss, Saturday to discuss the plans.

Mayor Lindsey said the plans were sent to Austin and a decision was expected in from two to three weeks.

The purpose for the red light at 10th Ave. and 23rd Street, Lindsey said, would be for school and pedestrian crossing.

The light at Spur 48 would provide an exit for those coming from Amarillo to West Texas State University, Lindsey said.

Endorsement Vote Scheduled Monday

Randall County commissioners will make a decision Monday on whether to endorse a separate court for Randall County or to endorse the court with jurisdiction in both Potter and Randall County.

The commissioners court will also make a decision Monday on taxing pipeline belonging to seven pipeline companies in Randall County.

The commissioners decided at the meeting last Monday to postpone the decisions until Commissioner Bill Butler was present and until more information concerning the pipeline value could be ascertained.

Clarence Beckman said he thought the commissioners should endorse a separate court for Randall County.

"I don't think we'll get it but I think we should ask for it so maybe we can get it next time," Beckman said.

County Judge Carroll Brown said no one except the sheriff felt that Randall County needs a full time court.

"It is not the population that we are necessarily concerned with but the instance of crime in the county," he said.

Judge Brown said statistics show the crime rate in Randall County to be much lower than that of Potter County.

"Why incur the expense if we don't need it?" Judge Brown said.

Beckman said that the crime rate in Randall County was increasing. "The purpose of courts is to keep the crime rate down and that's why we need a court," he said. "I hope we don't need it every day."

Jim Fletcher said if Randall County had the case load to warrant the expense of a separate court then he would go along with it.

"If Amarillo has a case load to keep a judge busy, I hate to see a judge in Randall County sitting while the case load in Potter County piles up," Fletcher said.

Brown said that the cost of a separate court for Randall County would be the salary for a court reporter and maybe a juvenile officer.

The court approved a request from Mrs. Aubrey Bruse, tax

assessor-collector, for four additional employees to work on the county's tax roll.

Mrs. Bruse said two of the employees would be needed for three to four weeks and the other two for a longer period of time.

The court approved a resolution from County Clerk Leroy Hutton concerning the Aug. 5 special election.

The court authorized the Kilgore Research Center at West Texas State University as the official counting station. They also approved election personnel, a computer test before the election, and the placing of a notice publicizing the election.

The court made a change in the minutes of the last meeting to place seven cents instead of 5 cents of tax revenue in the permanent improvement fund. The extra two cents is to come from the general fund.

Mrs. Bruse was authorized to make an investigation into the possibility of consolidating property measurements for tax purposes between the county, city and school district.

An agreement would also have to be reached with the Amarillo School District or the city of Amarillo concerning the property in south Amarillo.

Mrs. Bruse said she felt all three agencies could save money by using one person to measure instead of three to do the same job.

R. Buttrill Home From Vietnam

Randy Buttrill who has finished his tour of duty in Vietnam and returned to Canyon Saturday, said that he didn't think the war would end in the near future and that America would eventually have to withdraw all troops without a military victory.

Buttrill was released from duty in Vietnam about a month early and came home with the 9th Infantry troop withdrawal. He was due to be released Aug. 31.

Buttrill said he didn't think America could win the war "because the South Vietnamese are for the side that is in there (See BUTTRILL, Page 2)

Hinders Heads Milkmen Group

Louis Hinders of Canyon was named president of the North Texas-New Mexico division of Milk Producers, Inc., Wednesday in Arlington.

Hinders, who has been vice president of the association for 10 years, was elected at a meeting of the board of directors.

The milk marketing association has a membership of about 3,000 from Texas and New Mexico.

Hinders is also on the board of directors of the American Milk Producers, Inc., which has a membership of 31,000 from the Canadian border to the Gulf of Mexico.

He is a member of the board of the Milk Producers, Inc., with 8,000 members in a five state area of Tennessee, Arkansas, Texas, Oklahoma, Kansas and New Mexico.

Hinders has been in the milk producing business since 1952. He began his operation with

about 30 cows and has more than doubled his production since that time.

He markets the milk through Milk Producers, Inc.

Hinders has been in Canyon about 40 years and attended Canyon schools.

The show will be held from 9 a.m. to 4 p.m. both days.

Entries will be accepted up until show time, Stubblefield said. The entry fee will be \$1.25 per animal.

The judge for the show will be Vivian Procter of Leakey, Tex., a goat breeder and former owner of a commercial dairy in Houston.

The grade breeds will show Saturday morning and the Alpine breed and bucks will show Saturday afternoon, Stubblefield said.

The Nubian show will be held Sunday.

Championships in each class will be awarded as well as a grand champion in each show. Stubblefield said the show had been held in Vega in the past but was moved to Canyon in hopes of attracting more public interest.

No admission will be charged for the show and the public is invited, Stubblefield said.

The Tri-State Dairy Goat Association will sponsor a show Saturday and Sunday at the West Texas State University farm show arena.

About 150 entries from at least two states, including numerous exhibitors from outside the tri-state area, will participate in the show, according to Lyman Stubblefield, president.

Bob Gruner, son of Mr. and Mrs. Forrest Gruner, gained state approval on his American Farmer Degree qualifying him to compete for the highest FFA honor at the national convention in October. Only 50 from the state were endorsed for the American Farmer degree from Texas, which represents about one percent of membership from the state.

Also attending the state convention last week were Rick Hales and Randall Smith of Canyon High School FFA chapter and vo-ag sponsors, Marcus Phillips and James Walker.

Eight Canyon Scouts Among Those At Camp

Eight Canyon scouts are among those attending the National Boy Scout jamboree at Farragut, Idaho.

Representing Canyon are Randy and Ricky Lyles, sons of Mr. and Mrs. Roy Lyles; Eddie Jacobs, son of Mr. and Mrs. Jerry Jacobs; Sheldon Johnson, son of Mr. and Mrs. Craig Johnson; Chris Moreland, son of Mr. and Mrs. Lee Roy Moreland; Alan Mardis, son of Mr. and Mrs. Ralph Mardis; Roger Gist, son of Mr. and Mrs. R. B. Gist;

and Bob Bullock, son of Dr. and Mrs. Jack Bullock.

Gist and Bullock are both in staff positions at the national camp. The other six Canyon scouts are involved as members of Boy Scout Jamboree Troops 21-22.

In a letter this week Robert Galloway of Jamboree Troop 22 reported on camping activities. Galloway is from Brownwood. He reports that:

"Thirty-three Boy Scouts and Explorers from the Brownwood and Amarillo areas have arrived at Farragut State Park in northern Idaho for the seventh National Boy Scouts of America jamboree.

"The jamboree contingent representing the Llano Estacado Council and the Comanche Trail Council arrived here Monday, July 14, by chartered bus and for the next two days will be setting up campsites and preparing for the official opening of the jamboree with an impressive ceremony Wednesday, July 15, at the Avenue of Flags.

"After leaving Amarillo last Thursday (July 10), the scouts visited numerous places enroute to Idaho including Yellowstone National Park, Salt Lake City, Santa Fe and Durango.

"According to tour leader Jack Bryant, scoutmaster

Troop 80, Amarillo, 'We had a great trip out and now are looking forward to participating in the many Jamboree activities during the next nine days.'

"The Brownwood area and Amarillo area scouts will be joined in 19 camps by 35,000 fellow scouts from across America and 23 foreign countries for a week of high adventure activities on the shores of Lake Pend Oreille in the beautiful Farragut State Park in Idaho."

A succeeding letter, dated July 16, 1969, from Galloway states:

"The seventh national jamboree was honored by the arrival of two distinguished guests to (See SCOUTS, Page 2)

Congressional Tour Gains Farm Bill Information

To obtain information for writing a general farm program was the main purpose of the congressional tour through the Panhandle last week, according to Louis Hinders who traveled with the group.

Hinders said the members of the agriculture committee were approaching the program on a commodity basis.

The group paid particular attention to cotton, grain sorghum, beef cattle, wheat, soy beans and milk production in this area, Hinders said.

The group was most impressed with the large volume of cattle in the Randall County Feed Yards, Hinders said.

He said many members of the committee were surprised with the low cost of feeding cattle here in comparison with other areas of the United States.

Hinders said it cost about 19 cents per pound weight gain here where it was 24 cents in Minnesota.

Hinders said the group gave no indication as to what kind of legislation they might pass for this area. "They did a lot of listening and not much talking," Hinders said.

The group was especially concerned with the subsidy program, Hinders said.

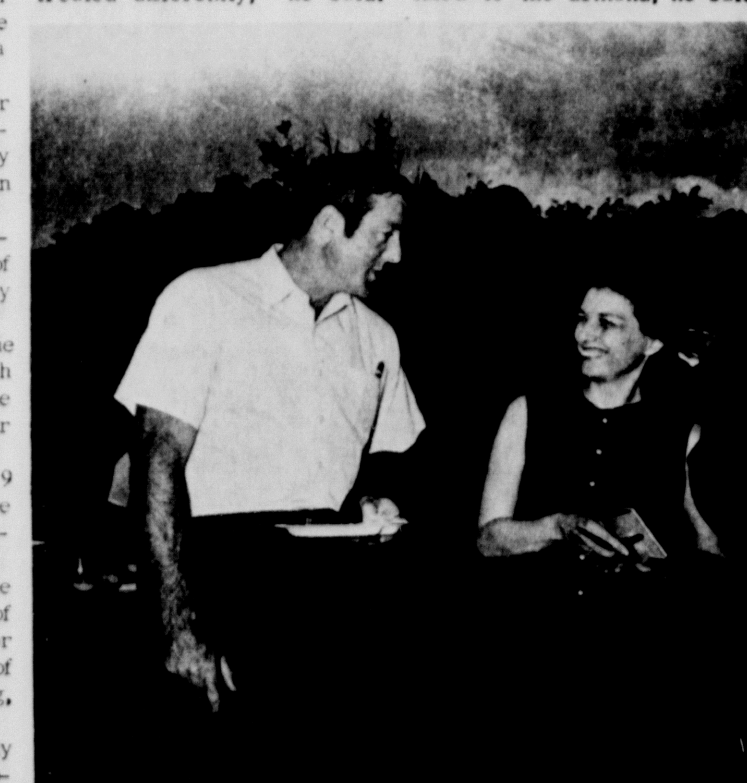

"The agricultural products in European countries are subsidized for export," Hinders said, "and this has created a situation where they can sell a product here cheaper than we can."

Hinders said the agriculture committee would probably do away with subsidies on some crops altogether and let the market pay the price and continue the subsidy on other crops.

"Each commodity will be treated differently," he said.

As a milk producer, Hinders said they were asking for permissive legislation to relate supply and demand to minimize the need for subsidies.

This could be done by controlling the supply to keep it related to the demand, he said.

Representative Bob Mathias, one of the members of the congressional farm tour through the Panhandle, visits with Gloria Denko, amusements editor at the Globe-News, at the performance of "TEXAS" Saturday night. Several members of Congress and the House agriculture committee visited the Randall County Feed Yards and viewed other crops and farm operations in Randall County during the tour. Congressman Bob Price was the host to the visitors.

Calendar To Change

The fall semester at West Texas State University will be completed before the Christmas holiday beginning in 1970.

The change will be made to comply with a recommendation of the Coordinating Board of the Texas College and University System.

Dr. Walter H. Juniper, academic vice president said the basic purpose for the change is for uniformity of calendars among state-supported schools.

Under the new WTSU calendar, the fall semester in 1970 will begin Aug. 24, three weeks earlier than this year, and will end Dec. 17.

The spring semester will start Jan. 11 and will conclude May 13 with the summer term beginning May 31.

The Christmas recess in 1969 will be from Dec. 20 to Jan. 3 with classes resuming Jan. 5 and the fall semester final examinations Jan. 19-22.

Living Textbook Workshop Ends Sixth Year At WTSU

Sponsored by West Texas State University and the Amarillo Globe-News, the Living Textbook Workshop finished its sixth consecutive year at WTSU Wednesday.

Dr. Lee Williamson, conference director and superintendent of schools at Pueblo, Colo., gave the keynote address Sunday night, kicking off the workshop, which was aimed at stimulating good teachers to improve their teaching through the use of the newspaper as an instructional tool.

The newspaper can be effectively used in carrying out all teaching objectives in the classroom, Williamson said to the 120 teachers attending.

"If our newspapers are good, if our news dispatches are well reported, if they reach conclusions or outline alternatives, if they are well written and well

Daniel Gets Hole-In-One

A hole-in-one shot by Larry Daniel Thursday afternoon at the Canyon Country Club.

He teed off on the #5, a 122-yard hole to land the hole-in-one honor while playing in a threesome with Keith Drumm of Amarillo and Barry Long from Lubbock.

Daniel was playing with a Dunlap Maxfli ball at the time of the score and used a Wilson Staff #9 iron to place the ball in the cup.

The final score for 18 holes of play for Daniel for the day was a 68, 2 under par on the course.

Larry is the son of Mr. and Mrs. Alfred Daniel of Canyon and is a member of the Canyon High School golf team.

edited, they will be read—but you people must help, and the place to do it is right in your classroom," said Robert E. Crennen, southwest division manager of United Press International in Dallas, Monday.

Stressing the specialization required of those entering the newspaper profession, Trenton Davis, circulation manager of the Amarillo Globe-News Publishing Co., presented avenues open to young people in the field of journalism, especially in circulation.

"We need more bright young people in journalism. But we also need bright young people with a desire to learn and to be informed," Crennen said.

Mrs. Beryl Richardson, head of the English department at Caprock High School, Amarillo, presented a discussion group of high school students who showed practical uses of the newspaper in the classroom.

Thomas Thompson, editor of the Amarillo Globe-News and Lowell Brown, advertising director of the Amarillo Daily

News and Amarillo Globe-News, also spoke Monday.

Virginia Payette of Bronxville, N. Y., columnist for the United Features Syndicate, spoke at a dinner Monday night.

"Tell it like it is?" was the word given Tuesday by Hope Shackelford, Wichita, Kansas English teacher who has gained national recognition for her educational accomplishments. "If we're not careful, we'll teach students to live in a world which is not real," she said.

Also speaking Tuesday was Jim Clark, new managing editor of the Amarillo Globe-News, and Wes Izzard, editor and publisher of the Amarillo Daily News.

Indifference toward news is a big problem, said Izzard. "Pay attention. Read the paper and use it," he advised.

A panel discussin closed the workshop Wednesday.

Commenting on the success of the workshop, Jack Edmonson, WTSU director of public service serving as conference coordinator, said, "We have had tremendous speakers and excellent participation. Our workshop is timely. When could there be a better living textbook than we have seen on the moon in the past few days."

Hostesses for the event were Mrs. Voelm and Mrs. Ray Carnahan. Members and guests in attendance were Mrs. John Williams, Mrs. Ross Craig, Mrs. Gary Garner, Mrs. O. L. Ryan, Mrs. Fred Stockdale, Mrs. Ike Nail, Mrs. Ray Carnahan and Mrs. Whitey Voelm.

Country Club Invitational Tournament Won By Bridges During Week End

Chip Bridges racked up the big win during the Invitational Tournament held at the Canyon Country Club Saturday and Sunday by finishing the tournament with a two under par score of 138 showing rounds of 69-69. Second place in the Championship Flight was won by Tom Porter of Amarillo with a 72-67 for a total of 139. Bridges carried the lead in the Championship Flight throughout the tournament with Saturday's play showing a three under par 32 on the front nine and a 37 on the back nine to complete the day's play of 69. Tom Porter came in from Sunday's play with a 67, two strokes short of Bridges' 69 but not enough to take the honors. Porter's Saturday score of 72 proved too much to bridge the gap.

Bridges is from Lima, Ohio, a student at West Texas State University and a member of the University Golf Team.

Third place went to Bill Epps of Amarillo with a totalscore of 143.

There was a two-way tie for fourth place between Bob Henry and Porter Vaughn, both of Canyon. A sudden death playoff placed this win in the lap of Porter Vaughn when he chipped the ball in the cup on the #3 green for a birdie 4.

Big honors for the winning spot in the first flight went to fifteen year old Mike Shadix with a score on the 36 holes of play of 141, just three shots away from tournament winner, Chip Bridges.

Another big show for Mike occurred on Saturday when he came in with the low score honors of 67, two strokes under the leader, Bridges. His score of 74 for the play on Sunday did not hurt his lead in the first flight

but did take away the chances for Mike to outshine the Championship Flight.

A two way tie for the second spot in the first flight was between Royce Cox and Joe Ziegler, both of Canyon. They came in with 145. The tie was broken when Cox placed the ball in the cup for a birdie 3 on the #2 hole.

Fourth place also had a two-way tie at 151 between Paul Webb from Tulsa and Mike Neal from Amarillo. This tie was split by Webb on the 5th hole with a bogie 4.

Clyde Miller of Canyon took honors for being the winner of the second flight with a score of 156.

Second place went to Steve

Self with a score of 157.

A three-way tie for third place with a 158 went to Cecil Parkhill, Jack Ziegler, both of Canyon and James Daugherty of Amarillo.

Cecil Parkhill came out winner of the tie with a par 4 on the #1 hole and Jack Ziegler took fourth place with a bogie on the fourth hole to completely shut out Daugherty.

Daugherty held the lead in Saturday's play with a 75, Ziegler held a 77 and Parkhill didn't show but Sunday's play put him on even ground in order to come out winner of the category at the end of the tourney.

First spot for the third flight was caught in a two-way tie

between Buford Shadix of Canyon and Jobey Claborn of Plainview with a score of 159.

A sudden death playoff was broken by Shadix when he took the #2 hole with a par 4.

Third place was won by Dean House of Canyon with scores of 87-77 for a total of 164.

Dr. Robert Burton of Canyon took the fourth spot with a 166.

Plans for next year's Invitational Tournament are already in the making and several players have ended this tournament with the idea that surely one more year's practice would make them worthy of a more advanced flight for the next Invitational! We shall see...!

Two father-son teams were entries in the tournament and all four held places in the winning groups. From left to right are Joe Ziegler, Jack Ziegler, Buford Shadix, and Mike Shadix.

Frozen Fruits-Vegetables Aid In Winter

(Part Two Of A Series)
Fresh fruits and vegetables from the freezer are a boon to variety in winter meals.

The natural quality, fresh flavor, color and texture of frozen foods depend as much on the way they are handled from the freezer to table as in preparing them for the freezer.

Fruits and vegetables should be prepared and packaged for the freezer soon after being picked. Put no more unfrozen food into a freezer than will freeze thoroughly within 24 hours. This usually will be 2-3 pounds of food per cubic foot of freezer capacity.

Overloading slows down the rate of freezing and foods that freeze too slowly may lose quality and spoil. For quickest freezing, place packages against the freezing plates or coils and leave a little space between packages so that air can circulate freely. After fruits, vegetables and meats are frozen, store them at 0 degrees Fahrenheit or below.

In the event of a power failure or out-of-order freezer, frozen foods will remain frozen in a loaded freezer for about two days if the freezer is not opened unnecessarily. If the power is to be off for long periods, frozen foods may be kept at the proper temperature by using dry ice.

Frozen foods undergo slow changes in storage and will not retain quality indefinitely. Frozen foods should not be stored beyond the recommended lengths of storage which include: Fruits and vegetables - one year or less; Fresh pork and fish - 3 to 6 months; Poultry - 6 months; Sausage and ground meats - 1 to 3 months; Beef - 6 to 12 months.

Thaw food properly and use frozen foods immediately after thawing as all bacteria are not killed by freezing and they become more active as the food thaws. If frozen food is not used soon after thawing, more food value will be lost and spoilage will occur quickly.

USING FROZEN VEGETABLES

The secret to cooking frozen vegetables is to cook just until tender, thus saving vitamins, bright color and fresh flavor. They may be cooked in a small amount of water, steamed or baked or cooked in a pressure saucepan. Most frozen vegetables may be cooked without thawing them first.

USING FROZEN FRUITS

Frozen fruits can be made quickly into delicious desserts or served partially or completely thawed. Fruits should also be used immediately after thawing. They may be used as fresh fruits in pies, tarts, cobblers, shortcakes, etc.

Frozen fruits often have more juice than called for in recipes for baked products using fresh fruits. In this case, use only part of the juice or add more thickening for the extra juice.

Thaw fruit in original unopened package in refrigerator at room temperature or in pan of cool water. Both sugar and syrup packs thaw faster than an unsweetened package of fruit.

Crushed fruits may also be packaged and frozen. They may be used as purees in puddings, ice cream, sherbet, jams, pies, in fruit-filled coffee cakes or as toppings for ice cream or cake.

SELECTION AND PREPARATION

Select fresh, tender vegetables from the garden for best quality products. The same is true of fruit selection for the freezer.

During hot weather, harvest vegetables and fruits in the early morning before they have absorbed much heat from the sun and freeze as soon as possible.

The preparation of vegetables for freezing is similar to that required for cooking. Wash thoroughly in cold water, drain and sort, peel, trim and cut as directed for each vegetable.

Fruit should be kept cool from the time it is gathered until it is frozen. Wash fruit in cold

water, but do not allow to stand in water. It is best to prepare enough fruit for only a few containers at a time.

FREEZING VEGETABLES

It is necessary to heat vegetables before freezing to slow down or stop the action of enzymes. Until vegetables are ready to pick, enzymes help them grow and mature. After that they cause loss of flavor and color. If vegetables are not heated enough, the enzymes continue to be active during fro-

FROZEN FOODS in the family freezer are a bounty to winter menus. For information on freezing techniques of all types of food contact Becky Hall, home demonstration agent. Booklets on both freezing and canning and other helpful hints are available at the HD office.

FREEZING FRUIT

Some fruits, such as peaches, apricots, apples and pears will discolor easily. Discoloration may be prevented with the addition of ascorbic acid (vitamin C) which is available in tablet, crystalline or powder form from your local druggist or canning center in the grocery store.

Most fruit has better texture and flavor if packed in sugar or syrup. Some may be packed without sweetening for use in special diets, or sugar-substitutes may be used successfully in making the syrups for freezing.

Make recommended sugar syrup for fruit in hot water and allow to cool thoroughly before pouring over prepared fruit. All fruit must be washed, freed of bruise spots and prepared for packaging.

If desired, pour about 1/2 cup cold syrup into each pint container and peel or prepare fruit, slicing directly into container. Cover with syrup and freeze. Fruit which darkens should be submerged below the syrup to retain freshness, this may be done by placing a crumpled piece of moisture-vapor proof paper between lid and fruit.

Syrup pack ranges from medium to extra heavy for fruit. (See FROZEN, Page 9)

Heated vegetables must then be cooled quickly and thoroughly before packing for the freezer. To cool vegetables heated in boiling water, plunge the basket of vegetables immediately into running cold water or a large container of iced water.

Cooling time will be approximately the same as the heating time. When product is cool to

Mrs. Clifford Brooks Carroll

Marriage Vows Read For Couple

Miss Gayla Lynn Clevenger and Clifford Brooks Carroll were united in marriage at San Jacinto Church of Christ in Amarillo June 13 with Dr. Everett Blanton officiating at the double ring vows.

A Spanish theme was used for the occasion as the decorations for the altar featured Spanish design and gowns of the bride and her attendants featured a Spanish design.

The church altar was decorated with 14 white candles descending on each side of black wrought iron candleholders with large bouquets of white mums in the background.

A candlelight ceremony, the a capella chorus of the church sang "I Love You Truly" with accompaniment by Elizabeth Barrett Browning. Also sung were "How Do I Love Thee", "Because", "Whither Thou Goest" and other traditional wedding marches were played for the processional and recession.

The bride is the daughter of Mr. and Mrs. Orval R. Clevenger of Canyon. Her husband is the son of Mr. and Mrs. C. B. Carroll, north of Canyon.

Given in marriage by her father, the bride wore a gown of taffeta and chantilly lace with accenting scallops of chantilly lace. Her long sleeves were tapered and the neckline was a scalloped Sabrina styling. The skirt, fashioned in an over-skirt design, had an underskirt featuring a series of ruffled chantilly lace with scalloped edges and the overskirt formed a chapel train in back and was edged with chantilly lace. Her veil of bridal illusion was held to a lotus leaf coil and the mantilla

type veil was edged in matching chantilly lace. She carried a bouquet of white carnations with several carnations tied in the ribbon streamers and descending to the floor.

Nancy Petruccione was maid of honor and Susie Clevenger was bridesmaid. Both wore floorlength gowns in a melon candlelight material. The dresses had long large billowing sleeves held with cuffs and high necklines. Their headpieces were made of three flowers in a triangular shape and rested in their hair.

Best man was Cornell Carroll, brother of the bridegroom, and Bill Reeves of Amarillo was groomsmen. Ushering were Lewis Montana and Danny Stewart.

Following the wedding, a reception was held at the church where the wedding table was decorated in blue and white and the bride's family silver was used. A Spanish design predominated the table which was centered with a wedding cake of three tiers featuring white with tints of melon on the doves. Love birds, nestled on white lace, accented the top tier.

The couple is at home at 4910 W. 59th St. Apartment 5 in Amarillo.

A junior at West Texas State University, the bride is a member of the Texas Education Association and National Education Association. She plans to be a teacher upon graduation in the spring of 1970. She is majoring in elementary education.

A member of Phi Alpha Theta, the bridegroom was a member of A Compinea at Lubbock Christian College before attending West Texas State University where he is majoring in speech education. He is employed with Borden's Milk Company in Amarillo.

Slightly Used Bargains Offered In City Garages

Housewives across the nation have turned to outdoor "garage sales" as a means of picking up a bargain, although slightly used.

In Canyon, the boon of garage sales averages two and sometimes three each week end. Garage sales, patio sales, and carport bargains are often staged for many reasons.

Mrs. Joe Hooper, who is moving to Wichita Falls, last week end held a garage sale for the purpose of allowing local friends and neighbors an opportunity to make use of "good items which we just didn't want to move."

Her neighbor joined the fun by adding a few items to the sale.

"But really she is here more as a help to me," added Mrs. Hooper.

In the garage sale, as with other such sales in the city, a variety of items were for sale including used women's, men's and children's clothing, various types of toys, assorted bottles, jewelry, miscellaneous fabric pieces and all types of odds and ends.

Funds from garage sales of tentimes aid the household budget.

Another local housewife, Mrs. Joe Frank, is adding to the family funds with the sale of "homemade green apple pies."

Mrs. Frank had an excess of green apples in the backyard orchard and just decided to "make them up in pies and sell them" this year.

"In past years," said Mrs. Frank, "I have given away apples and made them into pies for friends and neighbors."

"Baking them for the public may be a lot of trouble," but it should be fun and a little profit too," she concluded. She has erected a frontyard sign at the Frank home, 1214 5th Avenue.

What started as wintertime project to fill spare time has blossomed into a "sale idea"

for Mrs. Arden Beghtel, 2401 Twelfth Avenue. Mrs. Beghtel spent the winter months making various types of scrap material into clothing for Barbie type dolls and Betsy Wetsy dolls which she is now offering for sale.

"I used to make some doll clothes for my daughter's dolls and just thought that I'd make some up," she stated, explaining that some are also being made to order.

Secretaries Meet Tonight

"A Day In The Life Of A Secretary" will be the theme for the meeting of the Tierra Blanca chapter of National Secretaries Association tonight, Thursday, at the First National Bank community room.

The meeting, which begins at 7:30 p.m., is open to the public.

Included on the program will be excerpts from the days of secretaries, Annie Mae Meyer, law enforcement; Wilma Mann, insurance; and Marie Mayfield, Buffalo Lake Wildlife Refuge.

Council Planning Reviews

A series of "book reviews" will be sponsored this fall by the Canyon Federated Council of Women's Clubs.

The project will include sponsorship of several noted authors to Canyon where they will give community reviews. It is a joint project for the five women's study clubs in Canyon.

Purpose of the reviews will be to raise funds for use in the community library building fund, according to Mrs. Crews Henry, chairman of the council.

The project was discussed at a council meeting last Monday with reports given by Mrs. Henry. Others working on the project include Mrs. James Murphy White, tickets; Mrs. Don Vars, meeting places; and Mrs. Bob Chester, publicity.

Mrs. Morphis Honored With Bridal Event

Mrs. Duane Morphis, nee Miss Linda Kay Allen, was the honoree Saturday evening at a miscellaneous bridal shower in the home of Mrs. David Matthis.

Receiving guests were Mrs. Matthis, Mrs. R. B. Allen, mother of the bride, Mrs. Morphis, the honoree, and her husband, Duane.

Miss Janice Allen, sister of the bride, presided at the guest register and Mrs. Leroy Wooten was at the serving table.

The serving table carried out the bride's chosen colors of yellow and white and was laid with a yellow net cloth over satin, centered with silver candleholders and a yellow and white spider mum bouquet.

Hostesses assisting Mrs. Matthis were Mesdames Blaine Hufnagle, John Hardaway, Gort Rushmer, Earl Reynolds, L. D. Hunnicutt, Cristler Crain, Billy Bible, Gene McGlasson, H. W. Burrus, Tom Platt, Robert Belah, Charles E. Wright and Troy Martin.

Mrs. Beghtel said that she formerly balanced the household budget with funds gained from ironing for the public. In addition to those discussed, numerous school students

mow lawns and do odd jobs during the summer to round out their finances.

MRS. JOE FRANK has decided this year to sell her own homemade green apple pies instead of giving away the apples. She has installed a front lawn sale sign and is keeping a few of the pies baked and on hand for customers.
